## Manitouwadge General Hospital

Clinic Renovation Project

*Quality Service, Pride, Trust & Teamwork*

# MANITOUWADGE GENERAL HOSPITAL

The Manitowadge Community Clinic has served the medical needs of our town since 1980. Recently, the physicians brought to our attention the need to upgrade this facility to meet the many challenges that lay ahead. In the past this facility has been helpful in recruiting medical personnel to our community. If we are to remain successful in this area the clinic must be upgraded.

The Clinic is structurally sound; however, the interior must be designed to meet the new privacy regulations. The health record system also required upgrading that will eventually lead to a paperless office. The Clinic will have to be rewired to allow the physicians to link with the local hospital and the Regional Hospital information systems. There are also major repairs to be made.

The Hospital architect has visited the site on two occasions and has provided us with an estimated cost of \$500,000. To accomplish this task, the hospital Board of Directors has launched a Planning Committee to assist with a fund raising campaign. The committee is pursuing funding from the many businesses and foundations that contribute to these kinds of ventures. We believe the necessary funds can be obtained if every corporation, business and individual in our community makes a contribution.

When you give a gift to this project, you are helping the residents of Manitowadge. It is possible that you yourself might benefit from the generosity of those who will invest in this project. Your donation will make it possible for us to provide the residents of Manitowadge with the top quality healthcare services they so rightly deserve.

Please consider contributing to this project. It will benefit you and your community.

To view the plans and project information go to: [www.mnh.on.ca](http://www.mnh.on.ca). The plans can also be viewed at the Clinic or Hospital.

Thank you for your anticipated gift.
