Grief and Bereavement Support Group

Hearts and Hope

Hospice Northwest Grief and Bereavement Support

The grief that is experienced after a death can be overwhelming. Often, it is thought to be an isolating experience because others may not know how to respond to the needs of the bereaved. While nothing can take away the intensity of your grief, we believe that compassion and understanding may help.

Grief Support Group

Hospice Northwest offers a Grief Support Group for those who have experienced the death of a loved one. The group provides a place where people can talk about their experience, listen to that of others and share their feelings. Guiding principles include respecting the values and beliefs of others, not giving advice and maintaining confidentiality. Group participants will gain skills and understanding of their grief experience and practice compassion toward themselves and others. This is a six week program that is offered three times a year. Please call our office at 626-5570 for upcoming dates and more information.

One-to-One Grief Support

Hospice Northwest also offers individual, one-to-one grief support to persons who are bereaved because of death, regardless of how or when the death occurred. Trained volunteers are assigned to grieving people, for support, companionship and non-judgmental listening. Confidentiality is assured.

Referrals can be made by anyone, providing the bereaved person is in agreement. Visits take place in the client's home, unless otherwise arranged.
