

Amazing once in a lifetime opportunity to establish a practice that suits your style of medicine!

Turnkey operation, no purchases required

Seeking three Full-Time Family Medicine + Rural ED physicians with a passion for team-based healthcare to fill all of our approved physician complements. Effective August 30th 2021, Manitowadge will be without permanent physicians. This rare opportunity to establish a dream practice is possible with no investment necessary. New graduates welcomed! Support in all facets of establishing the practice is available. Fully equipped clinic and well trained staff are standing by to help you do what you do best; practice medicine.

A combination of Clinical and Emergency services make this lucrative RNPGA practice an interesting opportunity for a rewarding clinical, and quality of life, experience. Come and join a group where new physicians have the flexibility and freedom to manage their practice in an atmosphere of mutual support and interdisciplinary care. The medical practice is part of an award winning health hub environment with the Family Health Team, Home Care Nursing, Rehab, Hospital and LTC all on one site and under a single governance. This is a turnkey operation, with the corporation providing all staffing support under contract. Office management is fully integrated with the FHT and Hospital, Home Care, Diabetes Education etc. If you wish to work in a local health hub environment, this is it! Manitowadge is an award winning Health Hub and offers one of the most integrated health systems in Ontario.

Close to nature, Manitowadge offers excellent quality of life and a pristine environment to "Play in the Extreme". It is a wonderful setting for young families with children. Outdoor activities include, but are not limited to: downhill skiing, cross-country skiing, snowshoeing, hiking, snowmobiling, ATV trails, swimming, fishing, hunting (large and small game), kayaking, golfing, camping and more!

Adventure awaits you in Manitowadge!

Practice Hours

- Average 3-4 days/week plus hospital work

Your experienced support team includes nursing, a social worker, a dietitian, a physiotherapist, diabetes educator, as well as supportive administration staff. The hospital provides diagnostic imaging (x-ray and ultrasound), and laboratory services.

Currently patients are seen from 0900hrs to 1200hrs and 1300hrs to 1530hrs with availability for fit in at the end of each clinic day. Appointments are 20-30 minutes in length. Admin time is incorporated into your schedule weekly. Nursing takes the lead on preventative screening so you may choose to focus your practice on other areas.

Patient Volume

The community has a population under 2000 residents, all of which access health care locally. The Hospital Emergency Room sees 5-6 visits per day, with most (>80%) of those visits at low or very low acuity. We are 54 kms from the main highway and see minimal major trauma.

Call Arrangements

Physicians share ER call responsibilities (no Obstetrics). The average call is two days on, two days off, and three days on (weekend) or vice versa. Access to specialist support is only a phone call away at the regional state-of-the-art tertiary centre, and the ED has telemedicine connection that provides real time videoconference contact with trauma and intensive care specialists 24-7. While on ER call, physicians cover a 10 bed in-patient unit and a 9 bed LTC unit within the same SMH building as the Clinic and FHT. Call is 1 and 3 (when fully staffed) and you would be able to sleep through most nights at home. While on call, you will be covering short urgent care clinics during the week.

Compensation Details

Very competitive remuneration is provided through RNGPA contract/salary for clinic and on call. (for further details click here [62633: Once in a lifetime opportunity Family Medicine/Rural ED](#)) Additional monthly hospital on-call remuneration is paid through HOCC. Our community is eligible for the Ministry of Health Northern and Rural Recruitment and Retention (NRRR) Initiative (\$117,600/4 years), which, coupled with a low cost of living and hospital incentives, adds value to the already attractive lifestyle opportunities. 37 days of paid locum coverage for respite/vacation is provided as part of the practice. We are determined and committed to creating the most integrated community health system in Ontario and seek physicians looking to practice in an environment of coordinated care focused on outcomes.

A fully furnished home is provided free of charge by the community (excluding taxes and utilities).

[HealthForceOntario Northern and Rural Recruitment and Retention Initiative](#)
[\(NRRR Initiative\)](#)

The Northern and Rural Recruitment and Retention (NRRR) Initiative offers taxable financial incentives to each eligible physician who establishes a full-time practice in an eligible community of the province. Manitouwadge qualifies for \$117,600, paid over a 4-year period.

Teaching Opportunity

Yes, Manitouwadge is affiliated with the Northern Ontario Medical Education Program and has other agreements with select universities. i.e. NP with UofT. Opportunities for site visits and/or locums are available as well.

Seeking Urgent Locum - Extremely Lucrative Bonus Incentive Rural Family Med/ER - Manitouwadge

We are urgently seeking locum coverage until September 7th, 2021.

This will be a mix of primary care clinic and on-call coverage for the ER, LTC and in-patients. The ER sees approximately 5-10 patients per 24hrs and the on-call MD can sleep through most nights. Clinic runs from 9am-3:30pm seeing 10-15 patients per day.

Compensation is blended and will include a **temporary bonus incentive at \$6000 per 2 weeks**. Further details available here; [83679: Seeking Urgent Locum Extremely Lucrative Bonus Incentive Rural Family](#). Plus shadow billing and payment for uninsured services.

Travel and accommodation expense reimbursement via MOH.

Manitouwadge is located approximately 400km East of Thunder Bay and approximately 450km West of Sault Ste. Marie. You will be working with a highly integrated health care team. You will be supported by the Manitouwadge Family Health Team which consists of two nurses, a social worker, a dietitian and supportive administration. We also have onsite DI (x-ray and ultrasound) and laboratory services which are available 24hrs per day.

This is an urgent coverage situation to keep a hospital ED open, if you are able to assist for either full period or select dates, please contact Jocelyn Bourgoïn at jbourgoïn@mh.on.ca or by phone 807-826-3251 Ext 276 or cell 807-228-0043.
